

RANDOLF BRIAN ESTA

Front-End Developer

About Me

Objective-driven front-end developer with 3 years experience seeking a challenging position in a dynamic company. Committed to delivering exceptional user experiences through compelling designs and seamless functionality. Proficient in React and Redux with a strong understanding of responsive design principles.

I am eager to join a forward-thinking organization that values creativity, foster growth and encourages continuous learning in the ever-evolving field of front-end development.
